

GERMANY DEFIES RUSSIA SERVIANS AND AUSTRIANS FIGHTING

BERLIN, July 30.—A note despatched by the German government to St. Petersburg this morning gives Russia twenty-four hours to explain her intentions with regard to mobilization. In the meantime all the preparatory orders for a mobilization of the German army were issued. All the officers were recalled and no leave is to be granted. The railroad battalions have been given special orders.

In diplomatic quarters here it was stated that the note to Russia asked three questions—the object of the mobilization, whether it was directed against

Austria-Hungary, and whether Russia was willing to order a stoppage of the mobilization.

State railway employes armed with carbines and ball cartridges were placed on duty today at all the railroad bridges and culverts throughout Germany. The reserve officers of the Guards Army Corps, with headquarters in Berlin, today received orders to mobilize.

British Defense Force Called

LONDON, July 30.—Several sections of the British special defense force were called to duty today on the east and south coasts to relieve the regulars in the guarding of bridges and railroad sidings and man-

ning the coast defenses. The special army reserve, called to the colors today, comprise electricians, military engineers and mine layers. The British admiralty also requested the big Welsh coal owners to retain their stocks of fuel.

An Exchange Telegraph company's dispatch from St. Petersburg says that Sergius Sazonoff, Russian foreign minister, replied to the German note, stating that the mobilization of the Russian army was only partial and could not be stopped.

Holland Calls Army Reserves

THE HAGUE, Holland, July 30. — Holland today called all the army reserves, frontier guards and the coast guards to the colors.

BONNIE BURR JOINS IN SEARCH

She Will Visit Lehnhardt's on Broadway This Afternoon

Abrahamson's Is Her Appointment for Friday

(By BONNIE BURR)

The advantage is all with searchers today. My one appointment is a difficult one. Between the hours of 2 and 3 o'clock this afternoon I will visit Lehnhardt's beautiful candy shop at 1207 Broadway. If a favorable opportunity presents itself I will make a purchase.

Should I weather this exceedingly trying date a similar one confronts me for tomorrow. I have accepted a challenge from Abrahamson's the Home of Fashion which to my great surprise appeared on page nine of yesterday's TRIBUNE. It invites me to court capture in their big store some time during my Oakland stay. I have accepted and need the date for tomorrow afternoon between the hours of 2 and 3.

The whole world is striving for the ideal of perfection and an all-wise Providence has ordained that it shall never be attained. Always when a work of a supreme excellence has been accomplished there is a still loftier ideal that beckons to further effort, a vague formless elusive, shimmering dream that excites the imagination and keeps ambition, enthusiasm and inspiration alive.

MORE PHILOSOPHY.

A treasure in art may be truly beautiful and seem perfect, but it never fully develops into the intended ideal that slumbers in the mind and imagination of its creator.

The musical genius never succeeds in transcribing into earthly melody the dream sounds that enchant his imagination. The scientist, the inventor, the professional man, are ever

Nation's Object to Keep European Peace, Declares Grey

LONDON, July 30.—While Austrian invaders and Serbian troops were fighting the opening stages of their war on Serbian territory today, European statesmen and rulers were engaged in what they regarded as the almost hopeless task of trying to avert a general clash of the millions composing the armies of the great European powers.

WHEN AND WHERE BONNIE BURR APPEARS TODAY AND TOMORROW

WITHOUT A DOUBT there never was and never will be a feature so plotted in OAKLAND to eclipse the phenomenal success which has attended the BONNIE BURR novelty now being presented in THE TRIBUNE. The mysterious MISS BURR is daily evading capture at the hands of thousands.

MISS BONNIE BURR's powers of eluding pursuers will be taxed to the utmost THIS AFTERNOON between the hours of 2 and 3 o'clock at E. LEHNHARDT'S CONFECTIONERY STORE, OAKLAND'S favorite CANDY SHOP, which she will visit and try to make a purchase of some kind.

MISS BONNIE BURR evades capture this afternoon another opportunity awaits the searchers TOMORROW AFTERNOON, at which time the elusive maid has accepted a date to visit ABRAHAMSON'S, THE HOME OF FASHION, some time between the hours of 2 and 3 o'clock.

On account of MISS BURR's appointment at LEHNHARDT'S this afternoon, as well as her appointment at ABRAHAMSON'S tomorrow, no street appointments will be made either today or tomorrow. The capture of MISS BONNIE BURR will not be recognized at any other place today but only in LEHNHARDT'S STORE.

The magic words that will spell success to the lucky one are: "PARDON ME, YOU ARE THE MYSTERIOUS MISS BONNIE BURR OF THE OAKLAND TRIBUNE, THE FASTEST GROWING PAPER IN CALIFORNIA."

INVADERS REPULSED IN FIRST BATTLES; MANY KILLED ON BOTH SIDES

Serbs Repel Attacking Forces Which Attempt to Cross Danube; British Legation Hit by Austrian Shell at Serbian Capital

ALL EUROPE UPSET OVER BEGINNING OF WARFARE

The gravity of the international situation was recognized in all European capitals today.

Austrian invaders and Serbian troops came into contact on Serbian territory and hundreds of casualties were said to have resulted.

The German emperor conferred at length with the imperial chancellor and the ministers of war and marine, and later reserve officers received orders to mobilize.

Premier Asquith and Sir Edward Grey called on all parties in the British Isles to join in efforts to avert the immeasurable calamity of an extension of hostilities to other countries.

Russia proceeded with her mobilization of a large number of troops.

President Poincare and the French cabinet decided to meet daily.

The French defensive forces took extensive precautionary measures.

The whereabouts of the main British fleet is unknown since its departure yesterday from Portland under sealed orders.

The German battle squadrons are concentrated at Kiel and Wilhelmshaven.

The French fleet has taken steps to prepare for eventualities.

Japan is said to have declared its readiness to join its ally, Great Britain.

In outlying British colonies the troops have been prepared for instant service.

A German gunboat hurriedly quit Cape Town today and went to sea.

The German and British fleets in the Far East have been concentrated at their chief stations.

All foreign students were ordered to leave German schools.

Stock markets everywhere in Europe have virtually ceased operations and the leading banking institutions have taken measures to preserve their stocks of gold.

LONDON, July 30.—Germany's act today in giving Russia a time limit of twenty-four hours in which to declare her intentions in connection with the mobilization of her army added one more danger point to the gravely critical European situation—already sharply acute.

The nervous tension in all the countries of the Old World had almost reached its utmost limits when this fresh peril cropped up.

At the same time it was announced that orders had been sent to all the officers and men of the German reserves to hold themselves in readiness. As it had been pointedly hinted a few days ago that Germany would not draw back when she once started, the situation was felt in diplomatic circles to have reached a point where the slightest false move would set millions of armed men in motion.

The Serbian legation here received a message tonight from Nish saying the bombardment of Belgrade was resumed by the Austrians at 6 o'clock this morning. Shells were directed at the principal streets of the city. The telegram added that several Austrian spies had been captured by the Servians.

A dispatch received by the Serbian legation says that the Austrians attempting to cross the Danube, twenty miles east of Belgrade, were repulsed by the Servians and that a big artillery engagement is in progress. Another message received by the Serbian legation says the Serbian troops successfully resisted the Austrian advance at Losnitsa to the west of Belgrade.

Unconfirmed reports reached here from Berlin today that the Servians had been defeated by the Austrians at Potcha, in Bosnia, losing 800 men, while the Austrian casualties numbered 200. Fol-

WAR BULLETINS

ISCHL, Austria, July 30.—Emperor Francis Joseph left here today for Vienna amid scenes of the wildest enthusiasm. A great crowd gathered at the station and cheered the aged monarch again and again. Archduke Charles, heir to the throne, accompanied his majesty.

ST. PETERSBURG, July 30.—The official agency here today publishes a dispatch from Tokio quoting a newspaper there as expressing the view that in case of a general European war the participation of Japan as the ally of Great Britain is possible.

BERLIN, July 30.—Preliminary instructions were sent today by the German war department to all officers and soldiers of the reserve to hold themselves in readiness to join the colors. The officers of the regular army had received instructions yesterday to hold themselves in readiness for the mobilization of their units.

VALETTE, Malta, July 30.—Incessant preparations proceeded among the large British garrison and also among the vessels of the British fleet here throughout the night. All leaves for officers and men had been stopped. The authorities issued orders for a precautionary stage of mobilization and as a consequence great activity was apparent in the dock yards.

ROME, July 30.—Official circles here appeared today to have abandoned all hope of the efficiency of mediation in the European conflict. It was stated that the moment had now come for Germany to show whether she wanted and still wants war, and it was argued that she alone could influence for peace.

THE HAGUE, Netherlands, July 30.—The Official Gazette published today a declaration of absolute neutrality on the part of The Netherlands during the Austro-Serbian war.

LONDON, July 30.—Vienna dispatch to the Exchange Telegram Company says: "After a heavy bombardment by the Danube gunboats, Belgrade was occupied by the Austrian troops Wednesday."

RIGA, Russia, July 30.—Martial law was proclaimed today over Boldera and the mouth of the Dyvna river and its vicinity. Steamers have to obtain special permission to pass in and out. The field of submarine mines outside the entrance to the harbor is to be completed tonight.

CARDIFF, Wales, July 30.—Military patrols were established today by the government authorities at the docks along the British channel and the electric light company of the Glamorgan territorial engineer corps, which belongs to the special service section of the reserves, was ordered to Pembroke to relieve the regulars there on service at the searchlight station on the coast.

BERLIN, July 30.—Grand Duke Ernest of Hesse, brother of Empress Elizabeth Fedorovna of Russia, was sent by Emperor William to St. Petersburg today in a last endeavor to arrange peace.

RUSSIA DETERMINED TO SUPPORT SERBIA

France Known to Be Making Secret Military Preparations

BERLIN, July 30.—Representative officials at the foreign office declared that the situation had grown worse today instead of better. They pointed out that the mobilization of the Russian army at a time when Austria-Hungary had not moved a man toward the Russian frontier could only be interpreted in one way, and that was that Russia was determined to support Serbia.

It was added that France also was known to be making secret military preparations, and that although Germany had not yet mobilized it was questionable whether she could remain inactive much longer in face of the military preparations on her borders.

Major-General Erich von Falkenhayn, German minister of war, and Lieutenant-General Count Helmuth von Moltke, chief of the German general staff, had a long conference today with Dr. Von Bethmann-Hollweg, the imperial chancellor, Prince Henry of Prussia, the emperor's brother, and several of the imperial ministers who assembled at the chancellor's palace.

Rumors were current afterward that the first German army corps with headquarters at Koenigsberg had been mobilized and that a call had been issued for a session of the federal council, composed of representatives of the state of Germany.

Leaders of all the political parties in the United Kingdom were in conference today at the residence of Director Edward Grey, the British foreign secretary, where the international situation was under discussion. It was said that an agreement had been reached by all parties in reference to Irish home rule.

The proceedings at the Imperial conference at Potsdam yesterday under the presidency of Emperor William have been reported.

The battle squadrons are concentrated at Kiel and Wilhelmshaven and are still on a normal footing and none of the reserve ships has been manned, according to the admiralty. Everything, however, is in instant readiness for bringing the navy up to war strength, should the call come.

Some officers in close touch with the situation guardedly expressed the opinion today that the next 24 hours would see a decision of the question of peace or war.

Dispatches from the provinces show that the greatest agitation exists in many places. The residents of the fortified town of Strassburg, on the French frontier, have started laying in provisions in case of a siege, while the common council of the town has taken measures to check the enormous increases in the price of food.

FRANCE IN COMPLETE MILITARY READINESS, SAVE MOBILIZATION

PARIS, July 30.—Very military preparation short of mobilization has now been made in France. The principal rail-

road stations and all the switches are today guarded by troops. Rumors of the latest nature were in circulation today.

President Poincaré, after an all-night council of war had decided to call up 500,000 men of the French army reserves. A strongly worded denial of this was issued, together with assurances that drastic measures would be taken against those spreading such reports.

The government is working in close cooperation with the principal newspapers to reassure the public.

At the same time a veil is being kept over military operations, as during the war in 1870 the Germans are said to have obtained a great advantage from the information printed in the French press.

AMERICAN AND BRITISH SUBJECTS TO FORM SPECIAL CORPS

CAPE TOWN, Union of South Africa, July 30.—German gunboat Eber, which recently had been overhauled here, put to sea hurriedly today.

The maneuvers of the British imperial troops in South Africa were canceled today and the soldiers ordered to return to their posts owing to the critical situation in Europe. Special precautions have been taken for the protection of the ports and the naval station at Simonstown.

AUSTRIA CALLS PATRIOTS.

NEW YORK, July 30.—A proclamation calling upon all patriotic Austrians, Hungarians and Croats to send their addresses at once to their nearest consulate, has been forwarded for publication to all pro-Austria Hungarian newspapers throughout the United States by Charles Winter, who is in charge of the Austro-Hungarian consulate in this city. This is taken as an indication that a partial mobilization of Austrian forces has been ordered. The proclamation contains the amnesty proposal announced on Tuesday. Thus far the war clouds overhanging all Europe have not affected the workings of European ports nor is it believed that many bookings have been cancelled on account of it. About 400 Austrians and Servians sailed yesterday on the La Savoie, among them being Count Karolyi, leader of the Hungarian independent party.

RUSH FOR CITIZENSHIP.

EAST ST. LOUIS, July 30.—That war has no charms for the Servians and Austrians in the small towns near here was evinced yesterday when nearly one

nations made a rush to the office of the clerk of the East St. Louis city court to apply for naturalization papers. The majority were under the impression that unless they were citizens of the United States they would be forced into the service of their countries, and many of them after being assured such was not the case went away satisfied. Others, however, made application to become citizens of the United States.

PROCLAMATION OF U. S. IN ABEYANCE

Secretary of State Bryan is Awaiting Developments in Europe.

WASHINGTON, July 30.—Secretary Bryan today awaited additional developments in the ominous rumblings in European policies before announcing a proclamation declaring the neutrality of the United States. If the other nations than Austria and Serbia are drawn into the conflict, probably a proclamation covering the entire situation will be determined upon by state department officials.

The declaration will follow the lines of that issued in 1911 when Italy and Turkey fought over Tripoli. Announcing the purpose of maintaining absolute neutrality, the proclamation will enjoin all American citizens and residents within the United States to obey the laws, rules and principles governing the conduct of neutrals in time of international conflict, and warning will be given that persons who misconduct themselves will be subject to strict enforcement of penalties prescribed by American law. All American citizens who undertake to violate neutrality outside of the jurisdiction of the United States will be warned that they can in no wise obtain any protection from the Washington government against the legal consequences of their misconduct. American citizens will be informed that they are forbidden, while within the United States, to enlist as a soldier, sailor or marine under fighting nations or induce another person to enlist to serve abroad. Nor may they equip or arm any vessel for the belligerents, assist in adding to the force of any ship or set on foot any military expedition against the belligerents.

BAR COMBATANTS' SHIPS. Armed vessels of the nations at war, either public ships or private may not frequent or use American waters under pain of being regarded as unfriendly and offensive. Their warships will not be permitted to use American ports from which a vessel of the other belligerents shall previously have departed until 24 hours have expired.

The warships must not remain more than 24 hours except under stress of weather, nor take coal or supplies more than sufficient to carry them to their nearest home port nor take supplies more than once in three months.

The proclamation will set forth that no Austrian or Servian goods or vessels, except contraband of war and that American property on board Austrian or Servian vessels is not subject to capture. American citizens and residents will be warned that while they may sell munitions of war within the United States they cannot carry them to the belligerents, transport soldiers or break a blockade without incurring the risk of hostile capture.

NEAR DEATH'S DOOR AS RESULT OF AUTO MISHAP

SAN FRANCISCO, July 30.—As the result of an unfortunate automobile accident in Golden Gate park at an early hour this morning, Eleanor Roseberry, the seven-year-old daughter of Edgar J. Roseberry of 1400 Vermont street, an engineer, is lying at Lane hospital in an adjoining room in the same institution the child's mother, Mrs. Eleanor Rose-

berry, is in a serious condition from concussion of the brain, but is expected to recover. The failure of the lighting apparatus on Roseberry's motor car in the dense darkness of the main drive of the park was directly responsible for the accident.

Roseberry struck a heavy post, his car turned on its side and Mrs. Roseberry and Eleanor were thrown out. The child's skull was fractured and both she and the mother were rendered unconscious. Roseberry and the other children escaped unhurt.

WAR SITUATION AFFECTS MARKETS

Stocks Break Sharply, Losses
Ranging 2 to 6 Points;
Wheat Jumps Up.

NEW YORK, July 30.—Another flood of liquidation swept over today's stock market. Declines ran from 5 to 11 points in such speculative issues as Reading and Lehigh Valley, Amalgamated Copper and the Hill and Harriman shares, while numerous industrial and speculative issues were proportionately affected. Apprehension here was heightened by numerous new gold exports which helped to swell the already enormously large total. Foreign exchange was again demoralized and definite quotations were almost unobtainable, but the fact that many of the

amounts was accepted as further proof of the urgent demand for gold abroad.

The market was thrown into a state of confusion in the final hour on announcement that Germany had served an ultimatum on Russia. Declines in speculative leaders ran from 8 to 17 points.

A fresh wave of liquidation swept about the market around noon, stocks literally falling out from all quarters. Selling continued throughout the midday session, Reading losing 8 points, Canadian Pacific 7 points, and with numerous other declines ranging from 5 to 6 points. At times the list seemed to be without any support from financial quarters.

A rally of 1 to 2 points followed the first decline, after which another selling movement ensued, carrying prices below the opening and in several important instances under yesterday's low level. There were many transactions for cash, suggesting some of the extreme necessities of the situation. Trading in the first hour amounted to 555,000 shares, somewhat under yesterday's huge total.

The cotton market was demoralized today. In the heaviest selling movement that has yet developed prices crashed from \$2 to \$2.50 a bale below previous finals.

PRICES BREAK SHARPLY.

NEW YORK, July 30.—At the opening of the stock market here today prices again broke sharply on the latest turn in the foreign situation. Losses ranged from 2 to 6 points, the latter in Canadian Pacific, the weakest feature.

WHEAT JUMPS.

CHICAGO, July 30.—Wheat today jumped up 7 cents a bushel in the first minutes of trading.

The December option, which closed at 91c last night, rose immediately today at 98c. Prices were 2 cents apart in different sections of the pit at the same moment.

After a lull such as has been seldom witnessed in the market under any circumstances, prices began to rise and soon touched an extreme of almost 8 cents in the May option, nearly equaling the record of the day on which war was declared. May wheat sold at a dollar and three cents (\$1.03) as against 95c cents last night.

Speculation for a general war seemed to deprive the market here of sellers, but values reacted about 2 cents all around from the top level reached shortly after the opening.

For the first time the corn market joined in the extraordinary advance shown by wheat. September corn rose 3 cents a bushel. Oats and provisions also climbed, but only in a moderate way.

Dispatches from other speculative grain centers, such as Minneapolis, Kansas City and St. Louis, told of unusual upsurges in prices, but hardly to the same extent as the Chicago market.

Final transactions in the May delivery today were either at the dollar mark or anywhere from 1 to 2 cents above. By noon May had reached \$1.04, and the December option, which had opened at 91c, had advanced to 98c.

Many of the largest traders withdrew from the wheat pit altogether. Withdrawal of firms from active business operations on "change" increased the day was on a news by cable became more and more ominous. A number of houses went so far as to give notices of their employees a complete furlough.

Despite the increased strain of today's big advance on top of the extraordinary rise day before yesterday, the clearing house reported that all firms had met their obligations.

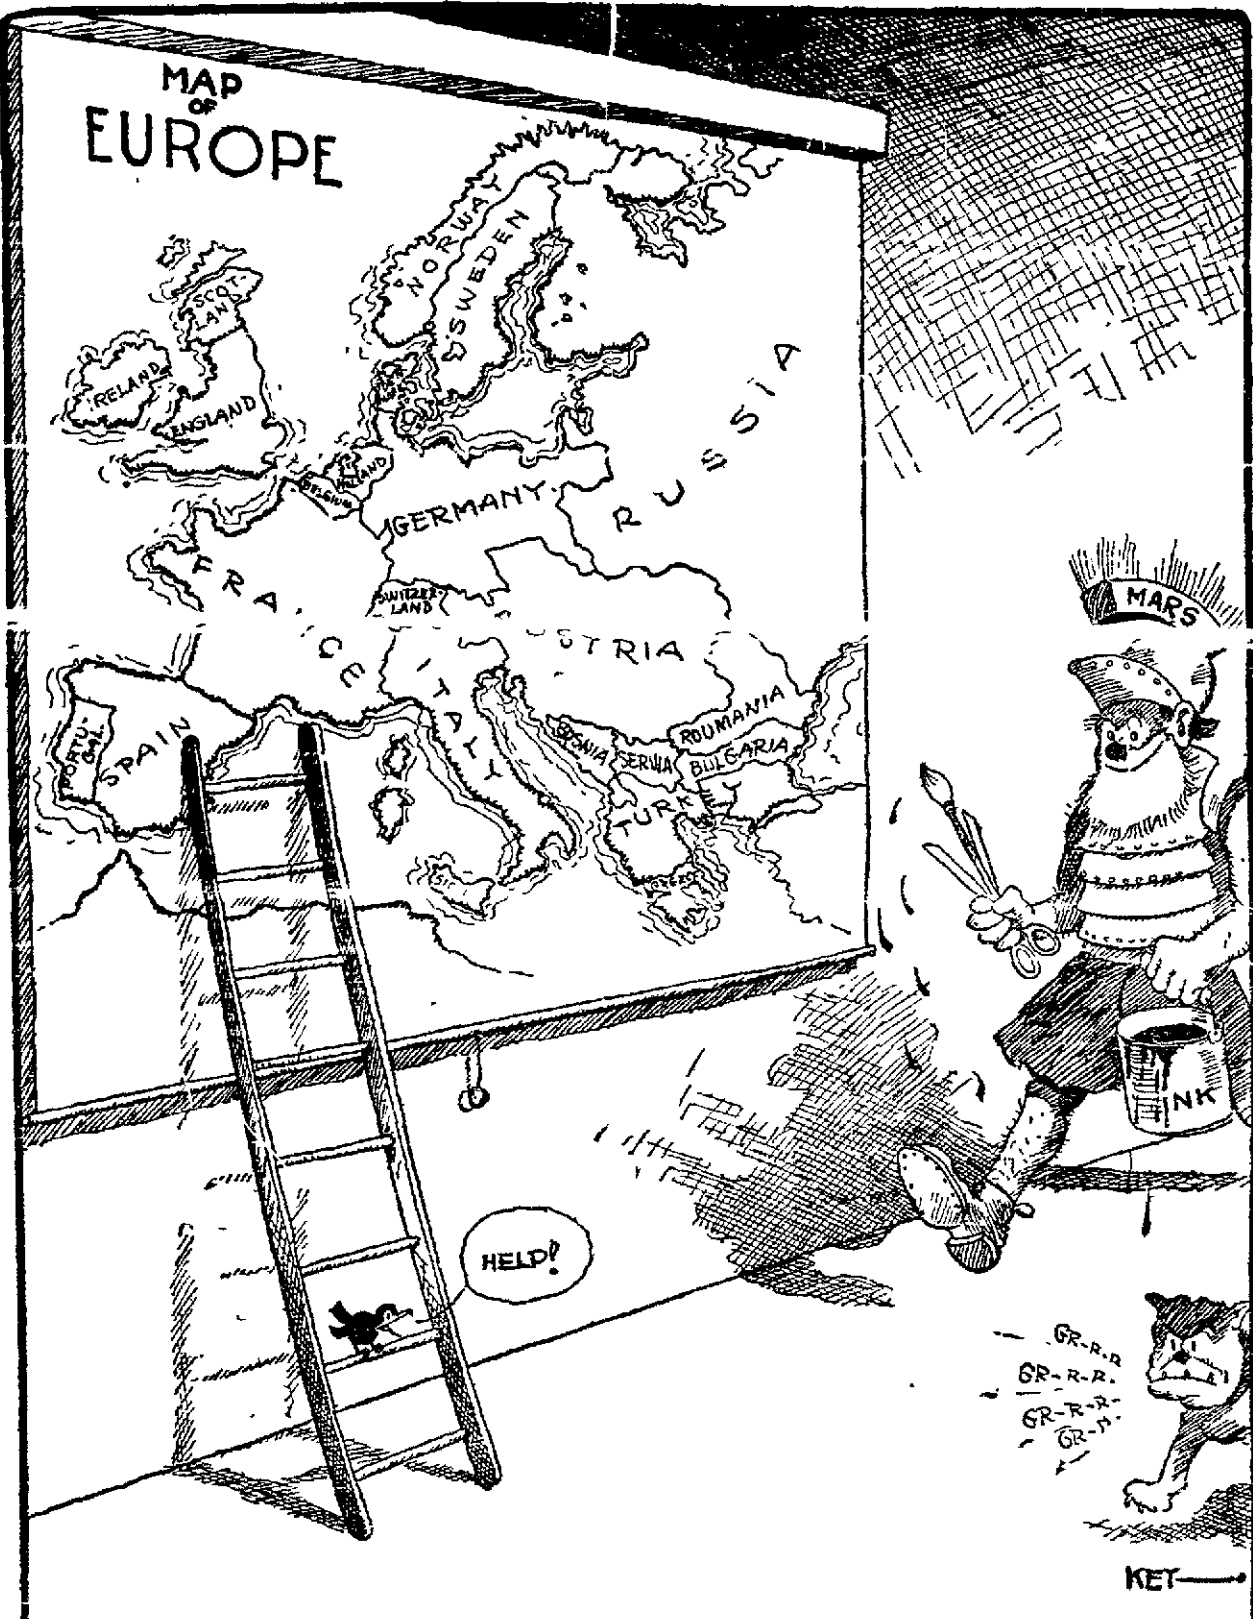

Rumors that Germany and Russia had severed diplomatic relations caused a fresh burst of excitement in the wheat pit just before midday. In a few minutes prices had surpassed the early high level by more than a cent.

GLIOM ON LONDON EXCHANGE.

LONDON, July 30.—Absolute gloom prevailed today on the stock exchange. Yesterday's crop of failures and the fact that there was no improvement in the wheat crisis had a most depressing effect. Quotations were somewhat under yesterday's figures, although purely nominal and little business was done.

All the failures thus far announced

SOME CHANGES DUE

have been of firms which no continental business.

Many American tourists, apprehensive of being caught in Europe without considerable quantities of cash, have been selling checks on New York. On Tuesday they received five francs and 12 centimes for each dollar. Today only five francs were offered them. Some of the American banking agencies here are importing English gold to supply their customers.

A semi-panic has broken out among some of the American travelers who see the possibility of being kept in Europe indefinitely, should a general war break out, as nearly half of the passenger steamers would probably cease running on the Trans-Atlantic service.

POSTPONE SETTLEMENT.

PARIS, July 30.—The Paris Bourse opened today as usual, but the eras no business. The nominal quotation of French 3 per cent rentes was unchanged.

It was announced by the committee of the Bourse that the monthly settlement for July had been postponed until August 31 for all stocks, including rentes.

The French public seems to regard a general war as a certainty.

The crowds outside the savings banks today were three times as numerous as

the precautions taken by the Bank of France have almost removed minted coin from circulation.

SUSPEND SETTLEMENT DEALS.

BERLIN, July 30.—Settlement dealings on the Bourse were entirely suspended today and the brokers who gathered on the floor confined themselves to cash transactions. Exciting scenes were witnessed on the Produce Exchange, where wheat and rye were quoted from \$1 to \$1.25 per metric ton higher.

The Imperial German Bank still maintained its waiting attitude, but it is believed it will follow London's example in increasing the bank rate.

COTTON DECLINES.

NEW ORLEANS, July 30.—As the result of pessimistic cablegrams today from large market centers of Europe and rumors to the effect that English concerns were cabling this side not to risk further shipments of various commodities, cotton declined \$2.50 a bale during the late forenoon.

Less in the afternoon another onslaught carried prices farther down. Just before 2 o'clock October stood at a loss of 76 points or almost \$4 a bale.

GERMANY ORDERS AMERICANS HOME

Tours, travels, sight-seeing and snow abroad have been interrupted by the war in Europe. Americans are being kept out of Germany and Austria and trips into Italy have been abandoned.

The tide of tourists returning to America is greater than the trans-Atlantic liners can carry and thousands of Americans will be marooned for a time in England and France waiting their turn on the homeward bound steamers.

Many prominent Oakland people are caught in the crisis abroad and their families are poor hopes for return.

A number of those who had planned to travel on the continent until late in the fall, have booked passage to New York and will remain only until they can secure accommodations in America.

CALIFORNIANS TOO

The order sending all foreign students out of Germany affects a number of Californians. Among them is Dr. Otto Barkan of San Francisco who is studying medicine at Heidelberg and Mrs.

Esther Church of Oakland, who is a music student in Berlin.

Miss Church, who is the daughter of Mr. and Mrs. L. S. Church, who, abroad in Asia with a party, chaperoned by Mrs. M. M. Steel, Harper, in the party were Mrs. C. A. Hawley, Mrs. S. S. Hawley and Mrs. Mabel Sticker. Mrs. Hawley and her daughter had planned to return the last of August after a tour of the continent but Mrs. Hawley with Mrs. Church and Mrs. Sticker were in Berlin in Berlin. News has been received from the U. S. State Department that the U. S. State Department has issued, but it is believed that they will return to America.

MONEY QUESTION.

The uncertain financial conditions in Europe have caused a shortage of money in the United States.

Until through private agents in London it is learned Americans are receiving only a pound or the equivalent of \$4.00 on the dollar.

In Paris a letter of exchange of 100 francs is worth only \$1.00. In London a letter of exchange of 100 francs is worth only \$1.00.

With letters of credit for ten or fifteen thousand dollars the war rate makes an interesting difference in the cost of journeying in Europe this year.

BANK OF ENGLAND RAISES DISCOUNT

LONDON, July 30.—As had been anticipated the Bank of England today raised its minimum rate of discount an entire point, making it 4 per cent. The step was taken as a protective measure, in view of the chaotic financial conditions on the continent following the outbreak of war.

Between Austria-Hungary and Serbia and the almost general advance of the bank rates in continental centers.

By discounting bills freely during the last few days while ordinary sources for discounting were practically suspended, and by arranging credit in connection with gold coming from New York while American exchange was so difficult to obtain, the Bank of England considerably softened the financial work.

Now however that a real war is being waged on its gold supplies by the continent of Europe the Bank of England has found it necessary to take protective measures.

Somehow like \$1,000,000 in gold went out yesterday, while France took practically one whole of the \$2,000,000 which arrived from South Africa on Tuesday, and although \$1,000,000 is coming from New York to pay for securities sold recently, this sum can hardly arrive in time to offset any further continental demands.

A Practically Perfect Preparation.

YEARS of experience have enabled Mr. Fletcher to make Castoria a practically perfect preparation. These years of labor: the amount of money required to introduce its merits to the public: the investment in its manufacture, including the most modern machinery, mean a vast amount of invested capital. It follows that the greatest care is exercised in the selection of each ingredient, and the greatest attention is paid to every detail of its preparation. The result is the practically perfect preparation in the finished product; Fletcher's Castoria.

Herein lies the guarantee of the absolute safety in the use of Fletcher's Castoria for the baby, and the warning against irresponsible makers of imitations and counterfeits. The signature of Chas. H. Fletcher that is printed in black on the wrapper and red on the bottle is the mother's safeguard.

Mrs. John W. Derrick, of Lexington, S. C., says: "My children cry for Castoria, I could not do without it."

Mr. and Mrs. J. A. Gaines, of Ripley, Tenn., say: "We enclose our baby's picture hoping it will induce some poor tired mothers to give your Castoria a trial. We have used it since baby was two weeks old."

Mrs. J. G. Parman, of Nashville, Tenn., says: "The perfect health of my baby is due to your Castoria—the first and only medicine he has taken. He is never satisfied with one dose, he always cries for more."

Mr. and Mrs. A. L. Johnson, of Stevens Point, Wis., say: "When our baby was two weeks old he cried so much we did everything for him, then we gave him Castoria and he is now strong and fat. We would not be without it, and are very thankful to you."

THURSDAY EVENING
NORTH COAST HEARS FREDERICKS
Republican Candidate Draws the Largest Crowds Yet

Reports from the north coast counties where Captain John D. Fredericks is holding a series of meetings are to the effect that everywhere he appears he is greeted with the largest audiences that have as yet assembled to listen to any candidate. At Ukiah it is said that practically every voter in the town attended his Tuesday night gathering and that in Willits, Laytonville, Harris and Rio Del Norte he spoke to great crowds. Tonight Captain Fredericks speaks at Eureka. This meeting has been extensively advertised in the Humboldt county papers and is being made a general gathering for citizens of several small communities adjacent. From Eureka the Fredericks party will cross the river to Redding, where a large meeting will be held Saturday.

Dr. E. J. Creel, who is conducting an independent campaign for the office of Contra Costa county and through the San Joaquin valley, states in a letter to a friend that everywhere he has been Republicans are standing firmly, while the Democrats are wavering.

Charles M. Belshaw, Dr. Creel says the heavy Republican registration all over the state has thoroughly discouraged the Progressives.

Young Republican clubs have been organized for Fredericks at La Jolla, Pacific Beach and Ocean Beach in San Diego county under the direction of E. L. Davis, president, and it is predicted he will have a large majority in all those districts.

At Los Angeles, Dr. Creel says the heavy Republican registration all over the state has thoroughly discouraged the Progressives.

Young Republican clubs have been organized for Fredericks at La Jolla, Pacific Beach and Ocean Beach in San Diego county under the direction of E. L. Davis, president, and it is predicted he will have a large majority in all those districts.

A. L. Shinn, Republican candidate for lieutenant governor, says that if a large plurality, that the vote farmers are determined to defeat him and even those who ordinarily vote the Democratic ticket for national officials will support the Republican candidates following the primaries, so anxious are they to put Johnson on the shelf. Mr. Shinn, having attended the meetings of four candidates for governor, will now start a campaign on his own account.

Before leaving for his southern campaign last night Francis V. Keessling announced his intention of making a brisk fight south of Tehachapi, where there is a heavy Republican vote. His southern trip will be handled from Los Angeles by the Keessling club, that has headquarters in that city. E. M. Levin, traveling salesman, who has just returned from a trip through Tracy, Colusa, Yuba, Sutter, Elmina and Lodi, declares he has found anti-Johnson sentiment growing and notes considerable support for Keessling.

Headquarters of the Keessling club in Oakland have been moved from the Synagogue building to the Macdonough building.

Charles King, Democratic aspirant for governor, left this morning for a tour of Marin county with Chairman O'Connor of the Democratic Central Committee. Dick Krieger, his campaign manager, accompanied him. San Rafael will be the first town visited.

Encouraged by the success achieved at the meeting in Santa Rosa Hall in San Francisco, Charles M. Belshaw of Antioch has decided to make a campaign in the north coast and has engaged a team of speakers to make a canvass of the region. Belshaw spoke at Ukiah and will talk in Ventura tonight. Tomorrow night he will speak in Santa Barbara.

Senator John R. Curtin is in Monterey county today making an auto trip with Pete Zahala, a leading Democratic attorney. Tonight Mr. Curtin will speak in Salinas, where the annual "Wild West" show and rodeo is being held and tomorrow he intends visiting San Jose and other towns in the Santa Clara valley. Wherever he goes "Curtin Clubs" are being organized in his behalf. The senator is making a systematic canvass of every section of California and his friends claim he will be the nominee.

Charles M. Belshaw will speak in Sacramento tonight at a meeting presided over by A. L. Shinn, aspirant for the nomination for lieutenant governor. Tomorrow night he will address a meeting in La Boleme Hall on Ellis street, San Francisco.

Ed. L. Head, Republican candidate for state treasurer, has opened headquarters in Los Angeles, with Charles E. Rice in charge, and intends making an active canvass of the southern portion of the state during the month of August.

Senator Curtin will be the orator of the day Sunday at the picnic of the Rebel Cubs of San Francisco at Shell Mound Park, at which an attendance of 10,000 or more is predicted.

Thomas P. Griffin of Modesto, who is contesting for the nomination for Senator with James D. Phelps of San Francisco, is home from a campaign of five weeks, during which he visited every county from Stanislaus south to the Mexican line. Mr. Griffin feels very much encouraged by the outlook and expects to carry every county south of Tehachapi, with the exception of Riverside and that in that county the fighting is good. He declares that fully 80 per cent of the women registered as Democrats are favorable to his candidacy.

While Judge John D. Murphy's friends have been working earnestly and incessantly in Southern California for several months past to secure his nomination as Associate Justice of the Supreme Court, the formal opening of his campaign was inaugurated by the organization of a strong committee last week. The names of the men and women who have volunteered to manage his fight for the office in this section include the following: Frank W. Leavitt, Charles G. Yale, Wynn Meredith, H. A. Powell, Hennen Jennings and H. F. Lange.

Cora Shepard, a school teacher, was arrested by Sgt. M. Byrne of the northern police station in command of the "speed squad," and was charged at the central police station last night with operating an automobile without the rear lights burning. Miller Hotchides, lumber merchant, and Frank Gonzales, were arrested.

Divorce suits filed. Charging that her husband had failed to protect her necessities of life, Minerva R. Ives today commenced suit for divorce against Henry Ives. The couple were married in July, three years ago.

Mary Ambrose wants a divorce from Manuel Ambrose alleging that she followed him and found that he was going with other women.

MONOPOLY

Controls Imperial Valley Water Supply and Is Deemed Public Utility.

SAN FRANCISCO, July 30.—In an important decision today, the State Railroad Commission declared that the California Development Company, one of the largest irrigation projects in California, is a monopoly controlling the water supply of the Imperial Valley, and also that it is subject to the jurisdiction

The decision is one of principle only and does not enter upon merits in the Imperial Valley suit. The company announced its determination to take an appeal to the State Supreme Court, and the commission will do everything within its power to hasten a final ruling. If the Supreme Court finds in favor of the commission it will reverse a previous decision, handed down three years ago, in which it declared that the company was not subject to the commission because it is not a public utility.

Three individual but interlocking companies underlie today's decision. Adolph Becker and Charles J. Levy, who asked that W. H. Holabird, receiver of the California Development Company, be compelled to furnish them with water for irrigation purposes. F. W. Weeks, president of the Board of Trustees of the town of Holtville in the Imperial Valley, sued the company and Holabird as its receiver, to the same effect.

The company maintaining that, as a holding company, it cannot be compelled by the state to furnish water to anybody; that it is not a public utility, and therefore not under the jurisdiction of the commission. The development company sells its water to a number of mutual water companies which, in turn, distribute it to its shareholders.

Travels Many Miles to Wed in Oakland

Love laughs at miles, according to Miss Mabel Guth, a pretty New Jersey girl, who will arrive in Oakland in a few days to become a bride. She has left her home, Elizabeth, N. J., and will be met in Oakland by Theodore T. Fisher, a civil engineer, whose bride she is to be.

The long trip for the wedding is the result of a romance beginning when both were small children in the East. Pimper came to this state, after an engagement was announced, and the couple will make their home in this city.

PASSENGERS ARE PANIC STRICKEN IN COLLISION

NEW YORK, July 30.—At least one and possibly four persons were drowned, and it is feared other casualties occurred late yesterday, when the river steamer Majestic of Newark, returning home with about a dozen excursionists on board from a day's outing at College Point, L. I., collided in the East river with a stone-laden barge, capsizing the freighter craft.

In a panic on board after the crash the Majestic's passengers rushed to the deck railings, fighting and pressing for places of vantage as the steamer was being for the nearest pier. When the Majestic touched the pier, hundreds jumped together off the decks. Two who sprained their ankles are at a hospital. Fears that some were crushed between the wreckage of the ship and the pier.

A life saver stationed near the point of the collision picked up a woman, supposed to be the wife of the captain of the barge, floating down the river. She died at a hospital without regaining consciousness.

APPOINT COMMITTEE TO AID EXPOSITION FUND

A committee of six was appointed last night at a meeting of Oakland business men, held at Hotel Oakland, for the purpose of raising a campaign looking to the passage of a proposed act permitting municipalities to vote funds for exposition purposes, and to look into the possibilities of the authorization of a bond issue in Alameda county for the purpose of raising \$1,000,000 already pledged to the Panama-Pacific Exposition. The committee appointed consists of A. S. Lavenson (chairman), W. E. Gibson, Walter Leimert, O. E. Hotte, A. Jonas and Frank A. Leach Jr.

Mrs. Kirkpatrick was the widow of Francis McKafferty of Fresno at the time of her marriage to William Kirkpatrick, a Harvard graduate and football star, which occurred at San Jose in 1907. She has a large circle of friends in the bay cities and has been a prominent figure in society circles.

Cavalry on Heels of Yellowstone Bandits

GARDINER, Mont., July 30.—That a squad of United States cavalry were on the heels of the two bandits who, armed with rifles, yesterday held up and robbed in Yellowstone National Park 25 coach loads of tourists numbering 150 and including a Hutchinson touring party from Chicago, was reported here last night. The soldiers, under Lieutenant Colonel L. M. Brett, perk superintendent, are aided by a posse of woodsmen and hunters familiar with every trail, who expect to apprehend the highwaymen before they cross the park boundary into the Jackson Hole country in Wyoming. Because of the dense brush and frequent ravines the bandits have the advantage over their pursuers.

REAL TEST FOR THE MYSTERIOUS ONE TO DAY AND TOMORROW

BONNIE BURR TAKING A QUIET SPIN IN HER FAMOUS OLDSMOBILE.

Mysterious Miss Bonnie Burr Wanders Unmolested Amid Throng Who Seek Her

(Continued from Page 1)

lured on to greater discoveries. A skilled workman's task may seem complete and give him much proud gratification, but the finished product never really answers his original visionary aim and purpose.

So it is with all things. Ambition is ever striving to attain perfection in whatever pursuit the individual is engaged. Superior quality in anything is an inherent principle systematically developed by conscientious and enthusiastic effort.

There are many things of supreme quality that near perfection and a very high place.

There are superfine candies, such as Lehnhardt's finished confections of rarest excellence, dainty masterpieces of the confectioner's art that come to you in a beautiful box bearing the name Lehnhardt's, a royal stamp that marks them as candies of quality.

NIGH TO PERFECT.

They are nearest to perfection of any in the candy aristocracy. Each day the brains and energy of the proprietor of the Lehnhardt Candy Company and the enthusiastic efforts of more than a hundred cheerful employees are striving tirelessly to reach the rank of absolute candy perfection. Most every day some new discovery, however, trivial, improves the toothsome product and brings it nearer the desired goal.

The unthinking might imagine that to attain candy perfection, ingredients of the purest and best, and skill in their concoction is all that should be required. As a matter of fact, to turn out supreme quality candies means more than just that. It means a complete modern factory, ideally planned, model in convenience and sanitation. Candies of quality must not only contain the very finest ingredients, but, be made under the most hygienic conditions. Any little improvement even in factory efficiency contributes to candy perfection.

You should see the busy interior of the great modern, sun-lit temple of candy cleanliness, the home of Lehnhardt's candies. It is as light as a photograph studio, ideal in convenience and of a wonderful spotless cleanliness. The most orderly kitchen of the proverbial Dutch housewife could not rival this place. Cleaning floors and clean shining utensils are everywhere in evidence. Immaculate white-clothed tables move about the vast white-painted candy kitchen with more than ordinary cheerfulness. Young women fit about at their various tasks in picturesque uniform, wearing caps and aprons to confine rebellious locks. They look neat and trim and are all really as charming as their appearance. The girls have their own cheerful lunch room and a comfortable rest room.

PRODUCTS BY HAND.

Lehnhardt's candies are clean and wholesome and the name is a guarantee of goodness. These are not machine made products. They are painstakingly made by hand to the tiniest details in the most careful manner. The proprietor, who is young with up-to-date ideas, personally supervises every transaction between himself and patrons by a direct supervision of everything prepared. His great heart is to please and to give exquisite quality in the product. Delicacies are imported from many parts of the world to make these candies superior. In them the very best is combined skillfully and artistically. The fillings of the most pleasing variety are truly delicious. Daily new treats are being planned to delight candy lovers.

Nothing is too good to go into these confections. They contain the finest chocolate, the purest sugar, the most expensive creamery butter. When a fruit flavoring is used it is of the most costly and delicate variety.

The luscious satiny-coated chocolates, dainty bonbons and flavor caramels, are a triumphant blending of fruits, nuts and delicacies, candy inventions to delight an epicure.

All chocolates are hand-dipped by high salaried young women experts, using the most expensive coverings. This department is kept uniformly cool by the factory's refrigeration system.

Finished candies are transferred immediately to refrigerator cupboards, kept screened from possible dust, till they enter the packing room for shipment to all parts of the world. The distant Australians are loyal boosters of Lehnhardt's chocolates.

The company has its own ice cream plant where hygienic conditions are a delight.

SOME ARE CAPTIOUS.

In yesterday's issue a crowd of nearly a few rather peevish complaining because of the fact that I am appearing in skillful disguise and not endeavoring to court capture, but to evade detection by every art I know, there are those who believe it should be possible for them to identify me at once, even though my disguises have mystified prominent sleuths. It did make me a bit reckless. I made a wager with myself that I could attend my evening's appointment without being seen once should recognize me in my knowledge of how the crowd would

group itself and what its deportment would be.

Well, I did just that thing, in a flimsy, almost diaphanous make-up. I visited Thirteenth and Broadway last night, remaining there 15 minutes and departing unchallenged and undetected.

In the first place, I knew that one corner would hold the bulk of the crowd, as usual; that there would be a scattering over two corners and one practically deserted one. That is the way Oakland crowds assemble at each appointment.

Last night everybody shunned the northeast corner and I had a lonesome time watching searchers peak themselves into a congested mass on the southwest corner.

It was 5:45 o'clock when I reached the just that. It means a complete modern factory, ideally planned, model in convenience and sanitation. Candies of quality must not only contain the very finest ingredients, but, be made under the most hygienic conditions. Any little improvement even in factory efficiency contributes to candy perfection.

AN OLD FRIEND.

In leaving I crossed the street diagonally, passing right through the midst of the crowd. Almost the first searcher I met was a tall woman in a black suit who was wheeling a baby in a go-cart. She is a familiar figure at appointments.

Next I almost bumped into the woman, rather stout, in a suit of shepherd's checks. There was a babel of confusion and sound. Everybody was advising his neighbor, it seemed to me, I made haste to get through the jam. Directly in front of the drug store the crowd was thickest. Here a chorus of bumping young males were shouting, "She's got one eye! Look for blue eyes!" and similar unrequested advice. They had one poor man dressed in a suit of fine black and white checks quite flustered. He was saying over and over to himself "Blue eyes, blue eyes."

Anyone who saw me in front of the new city hall should have recognized me last evening, but I am still the victor.

Yesterday noon I received a scolding from an irate elderly woman searcher who singled me out of the crowd but had no OAKLAND TRIBUNE with which to accuse me. The scolding was the funniest I have ever received. I really could not re-

UNDERWRITERS OF OAKLAND ELECT

Officers Chosen at the Annual Meeting and Important Business Transacted.

The regular annual meeting of the Oakland Board of Fire Underwriters was held last evening at the Saddle Rock Cafe, between fifty and sixty of the prominent Oakland insurance men being in attendance. The annual election of officers and other important business of the organization was transacted during the evening, what proved to be a most enjoyable banquet. George D. Troy, president of the organization during the past two terms, presided.

Among the invited guests and speakers were Willard D. Done, recently elected by the Board of Fire Underwriters of the Pacific, as publicity agent, the main purpose of his work being to bring about a better understanding on all problems affecting the mutual interests of the companies, the agents and insuring public. Mr. Done addressed the meeting at length outlining the proposed plan of incorporation and for the past five years insurance commissioner for the state of Utah, he was able to treat his subject from first hand information. The other speaker was William G. Thompson of Napa, president of the California State Association of Local Fire Insurance Agents. Mr. Thompson spoke on some good work being done on the contentions arising between agents

assured the agents assembled of great efforts being made on the part of the state association in the direction of a better understanding between the two. Mr. Thomas H. Anderson, assistant manager for the Liverpool, London and Globe Insurance Company, in San Francisco, was present and addressed the meeting from the standpoint of the companies.

The election of officers for the ensuing term resulted as follows: President,

train from laughing. The dear lady became angry and delivered herself of a tirade against "smart folks."

DIVERSION.

This occurred on the southwest corner just a few minutes before I left the scene. Up to the time it happened I had spent a rather uneventful time at the corner. I was standing at the curb when she approached me, standing and peering most into my face in silence for a full half minute before she addressed me. I began to feel hysterical and wondered if she would ever speak. I had about decided to move on to avoid her nerve-racking scrutiny when she said:

"Be you that Bonnie Burr, from the fastest growing paper in California, THE TRIBUNE?"

I laughed in spite of myself and shook my head. At the same time I looked full at her. She was tall and of an austere manner, attired in a black suit with fine white stripes and a black hat.

I did not mean to anger her and my laughter was more apologetic than offensive, but she resented it any way. I presume it was a departure from her natural dignity to speak to me at all. At any rate she gave me a good old-fashioned scolding.

She said she believed I was Bonnie Burr and that I was one of these would-be smart folks, she guessed. She ended up by reminding me that all smart folks get left.

MONOLOGIST. SHE.

All the time she was speaking I tried to interrupt her and apologize, but I did not get the chance. I drew a deep breath as she sailed angrily away and said "where?" A street car man standing near by reminded me that all smart folks get left.

To begin with, it was about 12:15 o'clock when I reached Fourteenth and Broadway, north side of Fourteenth street, and remained a few minutes on the northeast corner, standing close to two women I have seen at other appointments. Both were rather stout, one attired all in white, her companion in black skirt, white waist, black hat adorned with small red flowers. Fragments of their conversation convinced me that they were discussing Bonnie Burr, but I did not overstep what they said. Both women sized me up very critically.

As usual the crowd was partial to one corner, the southwest corner opposite, and I crossed over to this side. I met Officer 73 face to face on my way. Arrived at the corner, I stood close to the store there. A woman in a blue suit, black hat, whose face has become familiar to me, sized me up with apparent suspicion, but did not address me.

Some sort of commotion occurred not more than ten feet from me, but the crowd was so dense that I did not get to see what it was all about. A tall woman in a long black coat and a black hat was, it seemed, the cause of the excitement.

After this incident I moved over to the curb, where I had the adventure I have already described.—(Adv.)

George D. Troy, vice-president, Sam D. Troy, treasurer, V. D. Stuart, secretary, C. Fred Burks and executive committee, consisting of Frank W. Anderson, William N. Thorpe, John Stromberg, Lee S. Dunham, J. A. Thomas, Charles I. Magill and M. A. McAuley.

Among those present were the following: George S. Naismith, H. E. Wolf, L. S. Hockaday, Charles I. Magill, Henry J. Reff, J. Ballard, J. H. Clegg, J. P. Rohrbach, R. S. Floyd, J. J. Van Loben Seis, Fred W. Lehallister, Frank W. Anderson, Thomas Knowles, A. O. Deuthitt, Harry M. Tyrell, T. M. Lane, Roger Chickering, Lee S. Dunham, Carl K. Seuburger, George J. Krattiger, C. O. Jackson, John E. Stromberg, J. W. Morgan, J. W. Albright, George Gillett, George D. Troy, V. D. Stuart, W. F. D. Brown, R. H. Rose, C. F. Jennings, C. Fred Burks, A. M. McAuley, William N. Thorpe, Thomas H. Anderson, Chester Myrick, Special Agent L. & L. & G. Insurance Company, J. M. Kelley, Special Agent Scottish Union and Mercantile Insurance Company, William G. Thompson of Napa, and Willard Done of Utah.

The meeting went on record unanimously in its approval of the efforts of Fire Chief Hall in incorporating, in his annual budget, provisions for better fire apparatus and equipment. A special committee consisting of George D. Troy, Walter Wilson and C. Fred Burks was appointed for the purpose of presenting the wishes of the insurance men to the city council.

Institution was extended to the National Association of local fire insurance agents to meet in Oakland during the month of August, 1915.

MISSING CO-ED MAY HAVE DOUBLE

So Assert Police, Hearing the Various Reports of Her Disappearance.

BERKELEY, July 29.—Two young women by the name of Emma Cross who have mysteriously disappeared, or is there just one?

Where is she? What mysterious chain of circumstances lies behind her disappearance and why did she, or one of her, attempt suicide recently in San Diego? These are questions which the police of Berkeley, Watsonville, Los Angeles and other California cities are trying to solve.

Emma Cross, a student in the University of California and in the California School of Arts and Crafts, is gone, and no locally discernible points to her whereabouts.

This young woman was registered at the University as Miss Emma Josephine Cross. She entered that institution in January of this year as a freshman student in college of social science, rooming and boarding at the residence of E. L. Fitzgerald of 2218 Dana street. Before the end of the University semester she quit college and Berkeley, telling Fitzgerald she thought she would persuade some chum of hers to "go with her somewhere and settle down."

All of her belongings she left at the home of Fitzgerald, who reported her disappearance to the police, explaining that he had considered her of a rather moody disposition and that she seemed to have few acquaintances here. To a young woman friend she said she might go to visit a brother-in-law in Watsonville. This friend also describes her as a retiring disposition. To Fitzgerald she stated that her father and mother were Mr. and Mrs. O. R. Cross of El Cajon, Southern California.

SECOND "DISAPPEARANCE."

Now comes from the south word of the disappearance from Los Angeles of "Miss Emma Cross of Watsonville, aged 25, pretty and of supposedly well-to-do family."

The San Diego police added their quota to the available data today with a report that on March 17, 1909, a Miss Emma Cross, Watsonville, most modern, from the window of a hotel in an apparent effort to commit suicide. Recovering she stated that her home was at El Cajon, a San Diego suburb. The San Diego police held the theory that the young woman had had trouble with her family and had run away from home.

The disappearance of Miss Cross in the south was followed by the Los Angeles police by C. E. Howdershell of Lordsburg, which is near that metropolis. On July 7 she had left her brother-in-law's home in Watsonville to visit in Lordsburg, but had not arrived. To this time there is no trace of her whereabouts.

An effort to secure information from the Howdershell family over long distance telephone from Los Angeles met with responses that tend to deepen rather than clear up the mystery connected with the girl's disappearance.

"We want nothing said about this," said a woman of the family. "After a while we shall have something to say, perhaps, but not now. There are certain matters that do not concern any one but the family."

LOOP TRACT SCHOOLS SHOW LARGE INCREASE

The past few months' development and activity in the E. J. Henderson properties have increased the population of the electric loop district. The best evidence is found in the large attendance in the schools on opening day.

The sewers are now being laid along the streets and avenues throughout the electric loop tract and when completed active work of the macadamizing and street paving will begin.

The sidewalk crews have finished many blocks of cement sidewalks, which is in a terra cotta shade to harmonize with the flowers and foliage.

ROTARIANS HOLD LUNCHEON.

If you want to know how to sell Irish confetti and also to know what Irish confetti is, refer to E. B. Stoddard, of the Rotary. The announcement that Stoddard was to talk on how to market this strange product brought Rotarians out at full strength and filled with curiosity to this afternoon's luncheon in the Hotel Oakland. When Stoddard began to expound on bricks and their value, his conference caught on, although he was agreed bricks would make rather hard confetti. The members of the Club heard sales talks from Stoddard, John Smith and Louis Aber. V. O. Lawrence and Joseph Burrows, delegates to the recent Rotary Club convention, handed in their reports. They have just returned from an extensive sightseeing trip visiting places of interest on their return trip from the convention.

WIFE ASKS FREEDOM.

SAN FRANCISCO, July 30.—Alleging that her husband kept late hours and used strong language when she found fault with him, Mrs. Helena Z. Lanning sued today for a divorce from Edmund B. Lanning, part owner of the Victor Engineering Works. The couple were married in 1902 and have two children. Mrs. Lanning wants her share of the property, which includes valuable holdings at Fourteenth avenue and Clement street.

Georgia F. Denny began suit for divorce this morning against Frederick A. Denny. She says her spouse deserted her in 1911 after 18 years of wedded life. She wants the custody of five children.

CHARGE RESTAURANT UNSANITARY

Lam Ben, 1740 Seventh street, was arrested last night by Policeman Holman on a charge of maintaining his place of business in an unsanitary condition. He will be examined by Police Judge Samuels and a report on his place will be rendered by the health department. The man owns several Chinese restaurants in this city.

FREDERICK KAHN HONOR GUEST BANQUET TENDERED BY HEADS

SCENE AT BANQUET TABLE LAST NIGHT WHEN KAHN'S BUYERS' ASSOCIATION HONORED FREDERICK KAHN, WHO HAS RETURNED FROM ABROAD. INSET IS PHOTOGRAPH OF FREDERICK KAHN.

Frederick Kahn, after a four months' sojourn in Europe, was received by the heads of the various departments of Kahn Bros. at a banquet at the Forum last night in honor of his return home and his gentle counsel and friendly consideration of Kahn's Buyers' Association. There were gathered at the festive board twenty-eight persons representing the buying and managerial strength of "The Always Busy Store"—a body of men and women looked upon with envy by the commercial world for their go-ahead and ability.

The feature of the evening was a talk given by Frederick Kahn upon the subject, "My Travels Abroad." It was most interesting to note his comparison of local conditions in Oakland with those of the east and other world. He spoke of Oakland as the most stable city of all those he had visited. The prospects for a banner year is his prediction for retail establishments in the United States.

He spoke upon the retail stores in Europe, bringing out the fact that practically every sales person in Europe spoke fluently at least three dis-

ting languages. "The stores in the United States, however, are an equal of any European retail establishment, and when I returned to under the 'dome' I realized the fact that Oakland could boast of a store the equal of any. It seems good to be back among 'buyers' and friends."

August 2 closes the first year in Kahn's new store. The business has prospered far beyond our expectations and the greatest business year in our history is the result.

Several other members were called upon to speak and in all the evening was well spent.

U. C. TO HAVE COURSE IN DOMESTIC SCIENCE

UNIVERSITY OF CALIFORNIA, July 30.—Domestic science is to be embraced in the university curriculum with the opening of the new semester next month. In charge will be a full-fledged professor, the first of her kind in the university, Miss Mary E. Patterson.

Wide scope is to be given the new department. Correlated with the work in the new department will be courses in dietary engineering, hygiene, astronomy, dietetics, chemistry of textiles, agriculture, horticulture, landscape, gardening and other departments.

Miss Patterson, who is a graduate of the Rhode Island School of Design, was recommended for the position by Miss Lucy Stebbins, dean of women. Her appointment will be made by the regents at their next meeting.

WILL DISCUSS ALCOHOL EFFECT IN HUMAN BODY

The usual meeting to discuss the act amendment will be held at the Berkeley High school auditorium on Sunday, August 2, at 3 p. m., and at this meeting Dr. C. H. Bennett, a well known physician of Berkeley will discuss the effects of alcohol on the human body and explain to the public why the recent census of addicts and neurotics at their meeting last week held in the city of Chicago, Illinois, passed a resolution declaring that liquor containing alcohol has no value as a medicine.

Also at this meeting Rev. Mrs. Brown, formerly assistant pastor of Park Congregational Church, now engaged in missionary work among the Indians of California and who is also a lawyer, formerly serving at district attorney of Holton, Kansas, will tell the people of Berkeley of her publication works in Kansas, where it has been in effect since 1900.

At the meeting on July 25 J. Stitt Wilson spoke to a large audience on the dry amendment as it is to be submitted to the voters of California on November 30.

FIREMAN INJURED IN EARLY MORNING BLAZE

SAN FRANCISCO, July 30.—Three separate alarms of fire within the space of eleven minutes, between 2:44 and 3:55 o'clock this morning, sent the fire department busy. Walter Malloy of engine company No. 25 was injured at the second blaze, when Chief Murphy's auto ran over his foot.

Rats gnawing at matches in the clothes closet in the home of T. T. Hansen, 505 Diamond street, started the first blaze. The family were aroused from sleep by flames crackling near them and when the department arrived the fire was burning brightly. It was quickly extinguished without great loss.

A burning electric light pole at Twenty-second and Mission streets caused the second alarm. The damage was very slight.

The third alarm was for a blaze in a vacant lot which threatened the building at 571 Mission street. It called the attention of police to a gang of tramps who had been sleeping under the sidewalk and who started the fire by careless cigarette smoking.

'PAJAMA MAN' IS SUED FOR DIVORCE

Mrs. Florence Budd Seeks
Legal Separation; Asks
No Alimony.

SAN FRANCISCO, July 30.—Mrs. Florence M. Budd, who recently obtained a judgment of \$15,000 against Mrs. Ida Alys Morgan, desert queen, has filed suit for divorce from O. O. Budd, the "pajama man," whose love Mrs. Morgan was accused by Mrs. Budd of being stolen.

Mrs. Budd retold the story of the "stolen love" in her complaint for divorce but referred to other days than the one upon which the flash-light picture was taken as the basis of the suit.

Mrs. Budd did not ask any alimony but she did ask the privilege of resuming her maiden name, Miss Florence M. Burroughs.

Mr. and Mrs. Budd were married in 1901 and separated after Budd was reported to have been killed.

Mrs. Budd concluded her complaint with the assertion that after learning all of the facts connected with the alleged infatuation she found it impossible to ever again live with the "Pajama Man."

CAPT. DIAMOND, AGED 118 YEARS, ON SICK LIST

Captain Goddard Isaac Diamond, 118 years of age, whose name is well known to many residents of Oakland and who holds personal acquaintance with most of them, has been confined to his bed for the last few days out at the Crocker Old People's Home, Pine and Pierce streets, San Francisco.

Captain Diamond made his home in Oakland until a few years ago, and his tall, straight figure, white hair and beard made him a patriarchal figure to be remembered. He was to be counted almost daily on Broadway, a few years ago, when he took up residence across the street from the Crocker.

Not for an instant, declares the captain, is his indisposition due to the infirmities of age. He insists that he is as hale and hearty as anyone less than half his age.

Captain Diamond's history is an extraordinary romantic one, full of adventure. His memory is remarkably good. He says he was born at Plymouth, Massachusetts, on the 1st of May, 1796. That was when John Adams ruled the United States as its second chief executive. His father served in the war of 1812, and while the head of the family was serving in the Maine woods, killing wild game and otherwise providing for his mother.

At the age of 20 he himself, following the paternal footsteps, went to war. At that time the captain had not even known the meaning of the word "war."

Sixty-five years of age at the outbreak of the Civil war, he served four years in the quartermaster's department at St. Louis, coming to California in 1871. Despite his years, the captain has the appearance of a man in vigorous health. His face is smooth, his eyes are blue, his eyes keen, his hand-clasp strong. This attainment of years the captain attributes mainly to a series of "Dant's" for one thing, Captain Diamond has not smoked since 1872. Tobacco stimulates and sweets are also on the proscribed list.

MINERS' AMALGAMATION TO BE VOTED ON TODAY

DENVER, July 30.—The proposal to amalgamate the Western Federation of Miners and the United Mine Workers of America was expected to reach a vote today in the convention of the metal miners' organization. The question was the final order of business at today's session, which was addressed by Frank J. Hayes, international vice-president of the United Mine Workers of America. Two committee recommendations were before the convention. One provided for the complete merger. It is this failed recommendation that the Western Federation of Miners should become a metaliferous miners' department of the United Mine Workers of America.

"CHURCH CORPSE" TO BE RAISED FROM THE DEAD

HOWARD, July 30.—What is a church corpse? It is a question which has been asked in this city, since Rev. F. P. Thompson of the Methodist church announced he would "dissect" the "corpse" from the Methodist church. When one has given a correct answer as to what a church "corpse" looks like all are agreed that it ought to be a "live" church. In church circles, the "dead one" is the secret will be out Sunday morning when Rev. Thompson will preach on "Church Corpses." What it is and how to raise it from the dead.

Plan "1914" Club Unite Graduates

CLAIR MEADOWS.

EARL HAMMOND.

The graduating class of June, 1914, of the John C. Fremont High School is planning a "1914" club to include all members of that class. It is to be an organization for the purpose of keeping the members of the class in closer touch with each other as well as the school.

The class has been in many ways, according to Principal Rosseter, the finest type of graduating class in the history of the school, also containing the largest number, there being sixty members among whom are many who have achieved brilliant successes in scholarship, music and athletics. The majority of the class will enter different lines of business activities, while a goodly number will enter college or normal school. Marjorie Miller, Aubrey Holmes, Robert Welch, Earl Hammond, Walter Hall, Everett Crane, Gilbert Zoellner, Lillian Brandon, Rollin Rodolph, Clair Meadows and Adelaide Keller have registered at the University of California and as they have all done brilliant records in high school much is expected of them at U. C.

Meta Neal, Tessera Moore, Ethel Denney, Helen Hartman, Gladys Nelson, Gordon Walter and Helen Brewster are to enter the San Francisco Normal School. The "1914" club plans giving a number of social affairs to which the members and their friends will be invited. The first of these will be a dance in the high school gym during the latter part of August.

ARCHBISHOP RIORDAN DEDICATES COLLEGE

An elaborate banquet rendered last evening to the pastors of San Francisco, the clergyman graduates of the college and notable Christian Brothers on the Pacific Coast by his Grace, Most Rev. Archbishop P. W. Riordan, closed the dedication ceremonies of the new Sacred Heart College buildings in San Francisco. The spacious college hall, hung with the papal colors for the occasion, was the scene of the banquet after a speech by the archbishop, who after the progress made in his diocese and throughout the country by his congregation, the archbishop formally presented the college to the Christian Brothers. In the name of the Christian Brothers, Rev. Brother Gregor accepted the college, and in appreciation of the archbishop's service on behalf of the Brothers and the Sacred Heart College, Rev. Brother Gregor presented Archbishop Riordan with a life-size oil painting of himself.

A number of Oakland pastors and Brothers attended the banquet, among them: Rev. J. W. Sullivan of St. Anthony's church, Rev. E. J. Nolan, Brother Francis, Rev. Leo, Anthony, Alfred Lucius, Constantine, Uffelman, X. Leo and vassal of St. Mary's College, and Brother Joseph of St. Anthony's School.

MOVES QUARTERS

Today was "moving day" for the Women's Protective Bureau, because the rooms on the third floor were too cold for Miss Beatrice McCall, secretary of the institution. Miss McCall's moving took little time. The city hall attendants moved one desk, about twenty books, novels and other things, and three water glasses, full of flowers. Miss McCall is now ensconced in warmer quarters, where the steam heat is working.

INSANE OR VICTIM OF PETTY SPITE?

The Revocation of Neighborly
Water Privilege Alleged
Persecution Cause.

R. W. Jones, an aged resident of 2325 Eighty-sixth avenue, Elmhurst, loved the ducks, the cows, the chickens and turkeys of his neighbor, Mrs. Grace M. Hammond so well that he permitted her to have free access to the water system on his premises to keep the livestock in the absence of water on her own premises and now he is confined in a detention ward at the Emergency Hospital charged with insanity because he recently revoked the privilege.

This is the explanation of Jones as to his predicament. He will appear before Superior Judge Harte tomorrow for examination. Mrs. Hammond, her husband and other neighbors will be present for the purpose of substantiating her affidavit.

Everything went well between the adjacent cottages so long as the water flowed from the Jones side of the fence to the garden and poultry within the Hammond precincts, the aged man declares. But there finally grew up transgression and Jones turned off the water. The garden suffered, so did the ducks and chickens and peace of mind of Mrs. Hammond. The estrangement developed into a sort of feud and today Mrs. Hammond swore to the affidavit of insanity.

Playing with a .23 caliber revolver, Robert Knight, aged 17 years, accidentally shot Leonard Miller, a playmate, through the hand this morning. The boys were playing in the home of the Knight boy, 3917 Olive street, when the accident occurred. The Miller boy fell to the floor and Dr. C. A. Monroe was called to treat his injuries.

TAXPAYERS' COLUMN

All communications to the Editor of THE TRIBUNE must bear the signature and address of the writer.

JOINS ISSUE WITH ANDERSON.

EDITOR TRIBUNE: In my opinion the communication of Mr. F. Anderson in your issue of the 27th instant is a most reasonable production.

Does he think our city officials have nothing to do but chase around after small boys and girls, and keep them away from the saloons, and prevent them from drinking?

If the long-haired reformers do not want the boys and girls to get drunk they should stand in front of the saloons and warn them not to enter.

It is the business of the saloonkeeper to sell liquor, and he has a legal right to sell it, because he has paid his money for a license that gives him that right, and if the boys would not get in and drink they would not get drunk.

Their mothers should keep them at home where they belong.

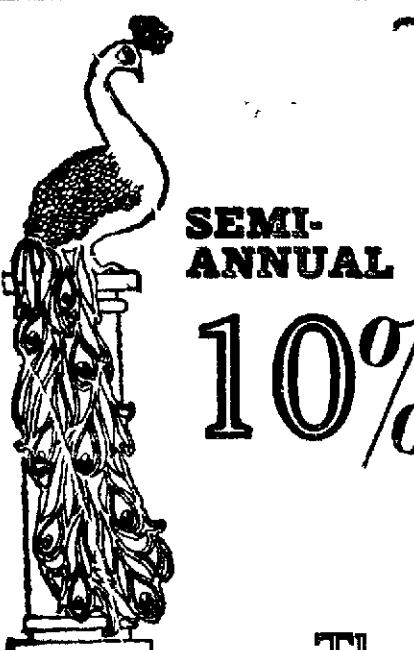

Chief Peterson says those saloonmen are good "decent" fellows, and he probably has the truth on that. If they were not men of "good moral character" they could not get a license, and it would be unlawful to grant them a license.

Does Mr. Anderson think that saloonkeepers are the only violators of law?

He should read the official report of the police of 1912, showing the number of arrests in that city, of people engaged in different occupations, and he will find that 26 policemen were arrested that year, 10 clergymen and only 338 saloonkeepers, which is a good showing considering.

Mr. Anderson, evidently, does not believe in "giving the devil his due."

However, for those boys who hope to enter the engineering departments of university work, the course will be the most excellent kind of preparation possible, putting the student well ahead of his university work, of the one who has the regular high school training."

MIRACULOUSLY ESCAPES DEATH IN 2-STORY FALL

Six-year-old David Leon had a miraculous escape from death last night when he fell two stories to the pavement from a room at 622 Jefferson street, occupied by his parents. The child was taken to the Emergency Hospital, where it was found that he had sustained only slight bruises.

It was not until midnight that the child was found. He was not seriously injured, but it was a narrow escape that everybody else is wrong.

MISS GENEVIEVE OWEN, WHO HAS RETURNED FROM A TRIP TO YOSEMITE.

LOT of the gowns in Miss Bromwell's trousseau have trouserettes. It sounds awfully extreme and even outre in cold English, but the French has de jupe is only another phrase for them. And the bas de jupe is to be worn generally and conservatively next season.

Most of the fall trousseaus will have trouserettes and balls of the winter will be thick with them. The simple common sense of them is really appealing when one considers the tragedies of tight skirts at dances of past seasons. No one, they say, who knows the delightful freedom of trouserettes will ever return to impeding skirts.

However it is rather too early. None of the trouserette gowns have yet been worn and there are trouserette costumes in other wardrobes waiting for the first tea dance. It may be, to call them forth. One will be worn by Miss Isabel Sherwood. Meanwhile Miss Sherwood's compromise and it may not be a bas de jupe she wears at summer teas. A long black tulle tunic falls over black tulle trouserettes, or did. Miss Sherwood slashed the trouserettes until they are no more than a slashed skirt in appearance, but arranged to be caught together again in distinct and frank trouserettes as soon as the fashion definitely arrives.

Even slashed into a skirt they are interesting for their non-interference with walking. It is possible to move quite naturally in them. A radical change from present fashions, designed, apparently, to prevent progress. Radical and fairly rational.

Miss Sherwood's hat with the tulle gown is a small plumed affair not unlike a man's opera hat, with a dash of trimming on it. Altogether it is a fascinating costume and Miss Sherwood is a very charming picture of the 1914 girl, too spirited to remain imprisoned in panniers and tight skirts.

MISS HENSHAW TO ENTERTAIN.

home on the Russian river where they spent two months. The wedding of Miss Voss and Benjamin Kuch High will take place in September at the Voss residence in Meridian avenue, and it will be quite a large affair with several attendants, but the details are not yet definitely arranged. The attractive bride-elect will be entertained at a number of affairs in the weeks preceding her marriage.

PRETTY WEDDING.

The wedding of Miss Sophie Conrad and Vernon Charles Sheehan was a pretty affair of last evening at the attractive Conrad residence on Adams Point. The rooms were beautifully decorated with palms, ferns and garlands of roses. Tall urns of pink anemones added to the charming effect. The marriage service was read by Rev. F. J. Horn of the First Congregational Church, in the presence of 75 guests. The bride was given away by her father, Philip Conrad, wore a gown of bride satin and point lace and a tulle veil fastened with orange blossoms. Her bouquet was a shower of lilies-of-the-valley.

Mrs. W. H. Kister of San Francisco, sister of the bride, was her matron of honor and only attendant. The ceremony was of green champagne and chiffon gracefully draped, and she carried bridesmaid roses. Raymond Sheehan, brother of the groom, was best man. After the ceremony a wedding supper was served at small tables and later the bride and groom departed on their wedding journey. On their return they will reside at the Conrad home, where the bride has "kept house" for her father for several years.

Mr. and Mrs. L. W. Potter and Miss Gertrude Potter left last evening for Arizona where they will spend two weeks at the Grand Canyon. Mr. Potter, who is state and passenger agent for the Santa Fe, will attend a meeting of railroad officials to be held at the Grand Canyon next week.

ENTERTAINED IN STOCKTON.

Miss Anne Elizabeth Bruce returned from a fortnight's visit in Stockton, where she was the guest of relatives. Miss Bruce was delightfully entertained during her stay, a number of teas and luncheons, and several jolly motor parties having been given in her honor.

Miss Edna Von Hagen, one of the season's brides-elect, was entertained at her home in Cedar street, Miss Isabel Thomas, whose marriage to Carol Kaufman is set for October, and Miss Florence Kelsey, the fiancée of Thomas Stewart, were guests of honor and a score of friends were invited to meet them. Exercise and Keep Young

(By Lillian Russell)

Copyright, 1914, by LILLIAN RUSSELL.

HERE are as many old looking young girls today as there are young looking old girls. While the women who have passed the first bloom of girlhood are taking care of themselves, retiring before midnight and taking healthful exercises to keep fresh air in their lungs, elasticity in their limbs and the spirit of youth in their hearts, the young girls are fast fading into worn.

The reason is simple. School girls have been going directly from school to dances, where they have danced continually for an hour or two in a badly ventilated room. They would then go home, perhaps, to eat a bite of dinner, then dance again until midnight, or long after the hour that is designated as the limit for the beauty sleep. Then in the morning arise and go to school, study hard and cramp up their bodies while studying. As soon as the school hours were over they would rush off to the dance again.

Dancing is exercise, and perhaps the most pleasurable of all exercises, but the drawing room dances have the serious disadvantage of being exercises performed in a bad atmosphere. To benefit by exercise the air is absolutely necessary. While the body is heated by action the lungs must be drawing in fresh air, the breathing must be deep, and fresh air must be drawn into the lowest part of the lungs, expanding them to their fullest. When this is done no harm of any sort can accrue from dancing or any other exercise. But when the exercise is taken in heated or badly ventilated rooms the lungs absorb impure air, laden with the exhalations of everyone in the room, healthy or diseased. Do you realize what dangers arise from this condition?

Young girls inhale impure air into the lungs, they become dizzy and faint, and if any illness overtakes them from exposure to such danger they are attributing it to overstudy, and often resort to stimulants and drugs to brace them up for the time being. That is the reason why so many young girls have pale, drawn faces, dark rings around the eyes and all the marks of age and dissipation. Let us hope that the summer season will compel girls to take fresh air treatments for their tired feelings and languor. Let us urge them to frequent out of door dancing places. If they must dance, as exercise, it is difficult to put common sense and good judgment into the heads of the younger set. But they must be taught that fresh, pure air is the essential of health, and the lack of it will fade and jade the most beautiful girl born.

LILLIAN RUSSELL.

Remember! Exercise may be made pleasurable and beneficial at the same time, just in proportion to the amount of pure air being pumped into the lungs.

Answers to Queries.

MRS. G. H.—Yes, there is such a thing as rose fever. It is much like hay fever and usually comes in June, when the roses are in bloom. I am sorry I cannot give you a remedy for this trouble. I suggest that you consult your physician.

B. T.—I am sorry, but I have no formula for a substitute for powder.

W. H. W.—Massage the face once a week. Apply the astringent lotion and allow it to dry on the face. Do not dust powder on the face after applying the lotion.

HABITS—Part II.

I am going to talk today of the habits of expression that come from overwork. Some muscle of the face, and I am going to talk right out to the young girl for she is the greatest sinner in this respect. I mean the young girl that we meet on the train, that we see in tea rooms, at home, or at school who, when she is not talking, distorts her face with frowns, twists her mouth, bites her lips and indulges in other facial gymnastics. I think some of us do this through embarrassment, they fancy it conceals the self-consciousness of which they are acutely aware; in other cases I think there is an idea that such mannerisms are pretty and desirable. Pouts and frowns may occasionally sway an enraptured lover, but facial distortions are a dubious method of attracting favorable attention, and their after effects on the countenance are deplorable. So, my pretty girls, if you are "making up faces," as the children do, to attract attention, I beg you to stop it. You will not get the kind of attention you want and the habit will leave unpleasant lines on even your smooth skin.

Retardance and bad temper suggest not so much the spoiled beauty as beauty spoiled. The unthinking may be amused at the sight of a pretty child in a rage, but no one would wish to live permanently with ill temper or with a face that shows the marks of it. So do not get into the habit of simulating any emotion, the marks of which would be stamped upon your countenance.

Facial Exercises for Lines and Wrinkles.

One of the latest ideas in beauty is the face always to find the cause of it. It comes, as a rule, either from some unfortunate habit of expression, or from holding the head badly or too constantly in the same position. Twisting the mouth will make unpleasant lines about it, pursing it will bring a little cluster of lines radiating toward the upper lip, and allowing the line to hold down the mouth will mark two distinct lines from the corner of the mouth down on the chin. When these lines are light, they can be erased by massage, but if they are deep, they will return unless the facial habits that formed them are corrected.

Widow of His Cousin

Emerson Stratton of Arizona Takes Bride

AN FRANCISCO, July 30.—Emerson O. Stratton, a wealthy copper mining man of Tucson, Ariz., and formerly a resident of San Francisco, at a quiet ceremony in the Hotel... took the twenty-eight

ated Mrs. Nevin Joseph Stratton of Petaluma, widow of his cousin and daughter of a pioneer California family. Rev. Joseph A. Walker of the Green Street Congregational church officiated.

The marriage came as a surprise to Stratton's many friends here. He owns the Santa Catalina copper mines, near Tucson, except the one he sold a few weeks ago for \$150,000.

Witnesses to her wedding included the bride's sister, Mrs. Healey of Berkeley, and her daughters, Mrs. Charles T. and Miss Helen Stratton of San Francisco. Stratton had J. Knox Corbett of Tucson as his best man.

COLONEL CANON DIVORCED ON GROUNDS OF CRUELTY.

SACRAMENTO, July 30.—That shortly after Colonel Frank F. Canon was appointed assistant adjutant general, he began a campaign of cruelty against her, the tactics of which varied from beating, choking and smothering her with bedclothes to verbal abuse and insults, was the testimony of Anna Boyd Canon, who today was granted an interlocutory decree of divorce.

Colonel Canon did not contest the case. The matter of alimony and court costs was arranged before the hearing.

Mrs. Laura Dickman and Mrs. J. Ryan, who lived near the Canons in Curtis Oaks, testified they had rushed to the assistance of Mrs. Canon when they heard her screaming for help. Mrs. Dickman declared that she believed that Mrs. Ryan and herself saved Mrs. Canon from death at the hands of the colonel.

OLD SOLDIER WOULD WED CHINESE GIRL, ROSIE CHINN.

SACRAMENTO, July 30.—Casey H. Silver of Los Angeles, a grizzled and weather-worn veteran of the Civil War, would marry sleek, meek Rosie Chin, the Chinese girl of Mendocino county who recently wrote to Deputy State Labor Commissioner Blair asking that she be taken from a life of drudgery and slavery in the store of the rich Mongolian. Excerpts from the Chinese maiden's letters attracted the veteran and awakened the dying flame of love.

Blair has been called upon to act the role of Dan Cupid and mediator between the Celestial and the warrior. His letter in part follows:

"To the Honorable Labor Commissioner of California: I see by the paper of Saturday, July 25, you have an up-to-date application to fill for a Miss Rosie Chin, who claims she works too much and has a hard life. If she's all right and a good housekeeper I have a good home for her and not much work. I am alone in this world and have been for about fifteen years; do my own cooking and am tired of it and want a helpmate."

The contract was drawn up in accordance with chapter 529, laws of 1913.

EVADING EUGENIC LAW, CUT HONEYMOON COST.

MILWAUKEE, Wis., July 30.—Evidently the eugenic law and saving the price of a honeymoon, Albert F. Steinkraus of Milwaukee and Edna I. Seymour of Green Bay have signed the first marriage contract ever drawn up in Milwaukee county.

The contract was drawn up in accordance with chapter 529, laws of 1913.

BODY OF MISSING GIRL IS FOUND UNDER ROCKS.

EUREKA, July 30.—The body of 11-year-old Florence Gist, who disappeared from her father's farm in northern Humboldt county two months ago, yesterday was found under a pile of rocks in the bed of Klamath river, near Weitchpec, seventy miles northeast of Eureka.

The body was found by an Indian prospector, and later was identified through marks on the clothing. The sheriff and district attorney are of the opinion that the girl was murdered by an unidentified enemy of John C. Gist, the father, who committed a series of depredations upon the family property before her disappearance.

Gist's ferry cut loose, his blacksmith shop was burned, and finally an attempt was made to destroy the family taking by dynamite, while the children were alone.

While in San Francisco some weeks ago Gist thought he saw his daughter on a street car with two women companions. He asked the aid of the police, but a search of the city proved unavailing.

EUROPEAN WAR BRINGS NO VOCAJURAL WEDDING.

PARIS, July 30.—A nocturnal wedding between Miss Gladys Virginia Stewart, daughter of the Countess de Strale Dekna, and Count Julius Agony, member of a great Hungarian family, was brought about early yesterday by the Austro-Servian war.

"FLORODORA" GIRL GETS DIVORCE FROM MANAGER.

SANTA BARBARA, July 30.—Mrs. Helen Blanche Fisher, a Florodora girl, was granted a divorce yesterday from the theatrical manager, John C. Fisher of New York and London, on grounds of desertion and cruelty.

MRS. JOHN JACOB ASTOR REAPPEARS IN TENNIS.

BAR HARBOR, Me., July 30.—Mrs. John Jacob Astor, formerly Appellene Force, made her first public appearance

death of her husband when she defeated Miss Marie Millett of New York yesterday in the semi-finals of the ladies' tennis match.

HOP GROWER SAYS WIFE KIDNAPED TWO DAUGHTERS.

SACRAMENTO, July 30.—Theodore Eder, wealthy hop grower, brought suit for divorce here yesterday. A few days ago Eder charged his wife Olive with

having kidnaped their two children from St. Gertrude's convent at Rio Vista. Detectives employed by Eder failed to find Mrs. Eder and the children.

Some months ago Eder removed from his home to the Sutter Club, and Mrs. Eder left town. Eder accused the children in the convent, and alleges that under cover of night Mrs. Eder, aided by detectives in a taxicab, kidnaped them.

They were presented with a magnificent emerald pin and a bracelet as souvenirs from the Duke on the occasion, and since then have been hailed as the idols of London.

RAN AWAY AT 13.

Maurice was born of Belgian parentage, and educated in America. When a boy of thirteen he ran away, and, fleeing to Paris, secured a position as bell boy in a hotel. Then he began to dance. He originated the Apache dance, taken from dances he had seen while roaming through the Paris underworld. The dance took Paris by wildfire, and his fortune was made. In Vienna, Monte Carlo, and other cities, he was starred, appearing before royalty and finally coming to New York. Here he met the beautiful Florence Watson, actress, who became his dancing partner and later his wife. In Paris he started the tango, and came later to New York with it. FOREST FIRE SWEEPS MT. SHASTA; Sisson IS THREATENED

OPPOSE USE OF STRAP UPON CHILDREN

Short Cut to Discipline Employed in Los Angeles Court Disfavored Here.

"I do not believe in thrashing children. I think it's better to find a soft spot in a boy's heart than on his anatomy. I never whipped my own children—and I think children are better off without such punishment."—Police Judge George Samuels.

"Making a companion of a child is the only real way to reform the youngster. Whipping, insults, threats, kindness and companionship, and the fact that they believe themselves in the confidence of their elders or judges, is the best."—Police Judge Mortimer Smith.

Judge Grant Jackson's advocacy of the strap for bad boys, recently heard in a Los Angeles court, and which caused a furor of criticism and support among women's clubs in the south, finds no supporters in Oakland's police court. Judge George Samuels and Judge Mortimer Smith are both of the same opinion—and that is against corporal punishment for any child.

"You can reform them, but not by beating them," declares Judge Smith. "Beating only makes them cowards or calloused. I find that personal interest and friendship is the only true reformative measure, and I believe that if parents make their children their companions the courts would have less to do along those lines anyhow."

Judge Samuels is equally strong on the point. "I never whipped my own children," he declared. "I do not believe in it. Touch a boy's heart and win him—but never bludge his anatomy."

ADVOCATES AND OPPONENTS. Judge Jackson's advocacy of the strap or paddle met with a storm in Los Angeles. Leo Marden, juvenile officer, supported his views. Mrs. Clara Shortridge Foltz, prominent women's club leader, also urged the declaration. Mrs. E. K. Foster of that city declared it a poor plan.

Marden, the southern probation officer, declared that the judge's point was well taken. "There is a strain of primitive savagery in the boy from 12 to 17 years of age," he declared, "that can only be appealed to by methods of violence and by appealing to fear. I do not think the police should object. I am inclined to believe that if petty cases among boys were adjudicated with a strap the result would be a good memory on the part of the offender and a consequent avoidance of future wrongdoing. That was my experience as a probation officer as the turning point in his life. I was taken to the woodshed and there given punishment. I learned the utility of breaking laws."

Mrs. Foltz declares that uncontrollable children actually need the rod. She declares that in her law practice she has advised whipping for bad boys. Mrs. Foltz is a practicing attorney and president of the Women's Mission Club.

HEART TO HEART TALKS. Judge Samuels declares that the most striking examples of reform he has seen in his court were obtained through heart to heart talks with bad boys, and the manifestation of interest in their cases. "I have sent boys out believing that I took an interest in them and they are their confidantes. I honestly did, too, and had faith in them. They made good. The boys have never thrown me down. I don't think the strap has any use for us."

"I have found," said Judge Smith, "that if parents spend more time cultivating the confidence of their children and less in trying to use a strap as a short cut to discipline, the result is better. I think a father should be like his sons' good brother and the mother the same to her daughter. Parents should have their children believe that they are their confidantes. Parents should not send children from the room that they may talk of private matters. It breeds curiosity and distrust, which leads to eavesdropping. That leads to a lack of respect—and then to lack of control over the child. Private matters should be discussed when the children are not about, but not when the children are sent away knowing something is to be said that they will not share their parents' confidence in."

"I believe in humanity, and while I admit that whipping does not injure the child physically, I do think that it has a woeful effect morally. I would not have it in my court."

PLIED WITH DRINK, IS BOY'S CHARGE; GIRL STILL GONE

The finding of the supposed youthful bridegroom-to-be, following a supposed elopement, in a state of alleged intoxication in Elmhurst, has cast further mystery on the disappearance of

has been missing since Tuesday from the home of her aunt, Mrs. O. Kinnard, 1429 Seventy-sixth avenue.

The boy, Malcolm Inglis, of 1109 Sixty-eighth avenue, was reported missing at the same time, and relatives of the two, who were known to be sweethearts, believed that they had eloped.

Last night Mrs. C. A. Fife, wife of the Oakland policeman of the same name, found the boy, whom she declared to be in a maudlin state, at the corner of Seventy-third avenue and East Tenth street, and turned him over to the police.

Young Inglis declared that he had been given whiskey by a Portuguese with curly black mustache. He declared that he did not know the name of the man, and an investigation is being made. He professed ignorance of the Bartlett girl's whereabouts.

The boy, who was on probation, was taken to the detention home where he is being further examined. The search for the missing girl is being conducted by Police Corporal Conroy.

The Bartlett girl is described as being pretty, weighing 115 pounds, and when last seen wearing a blue coat and a fur collar, as well as a Panama hat.

Inglis said that he met the Portuguese who gave him the whiskey with two other men near the Seventy-third avenue creek. He declared that he drank a considerable quantity of the liquor.

Warrant Is Issued for Henry Butters

PLACERVILLE, Cal., July 30.—A warrant for the arrest of Henry Butters of a wealthy Oakland family was issued here today and forwarded by Sheriff Haul of Placer county to Sheriff Barnett of Alameda county for service.

Butters is charged by Stewart Edward White, the author and sportsman, with driving his automobile recklessly on mountain roads, to the danger of all other travelers on the same roads. White seeks to have Butters' license cancelled.

An attempt to find Butters at Lake Tahoe yesterday revealed that he had left there two days before and was understood to have gone to Oakland. White will also have his record in the bay cities looked into.

U. S. URGES ARMISTICE IN MEXICO

WILSON MAKES BRIDE STOLEN, APPEAL TO CARRANZA

Further Bloodshed Unnecessary, Is Message From Provisional President.

WASHINGTON, July 30.—Efforts were made today by the United States to influence General Carranza to bring about an immediate armistice in Mexico. This action followed an appeal from Provisional President Carranza that further fighting not only was "unnecessary but inhumane in view of the certain success of the peace negotiations." Secretary Bryan telegraphed John R. Silliman, personal representative of President Wilson with Carranza, urging an end of hostilities.

The situation from the viewpoint of Carranza was outlined in the following statement prepared by his personal representative here, Jose Castellon, after receiving a long message from Mexico City:

"It is the unalterable purpose of Carranza to turn over the government in a peaceful and dignified way. Carranza has urged me to make every effort to obtain an immediate armistice and, if not possible, the suspension of all hostilities without loss of time, even though this be not formally declared, but merely established as an actual fact, since, in view of the certain success of the negotiations about to begin any further bloodshed not only would be unnecessary, but quite inhumane."

U. S. REASSURED. July 30.—Reports to the Constitutionalist agency in Washington announcing that Carranza would cooperate with Carranza in Southern Mexico, encouraged administration officials today as assuring the removal of a potential obstacle to peace. Carranza's forces recently have menaced several towns in the neighborhood of the capital.

Carranza today was on his way to Saltillo to meet envoys of the Carranza government to make arrangements for the transfer of power in Mexico City. Members of the revolutionary junta in Washington predicted that the question of amnesty and safety guarantees would not appear as a stumbling block during the conference, because they contended that Carranza's assurance that there would be no wholesale reprisals after he occupied the capital.

Carranza instructed his Washington agents to deny any reports that he was trying to place difficulties in the way to peace. He declared that if Carranza agreed to surrender unconditionally he believed the situation soon would be satisfactorily solved.

CARRANZA TO SALTILLO. MONTEREY, Mexico, July 30.—General Venustiano Carranza, who arrived here yesterday from Tampico, left today for Saltillo to meet General Lauro Villar and David Alende, representatives of President Carranza.

Reports were received that three members of the Carranza family, Emilio, Alfonso and Gabriel, soon were to arrive for consultation with Constitutional leaders. It also is said that General Villar would accompany the Carranzas, but no confirmation of this could be obtained.

Major Artigas, a member of Villar's staff, is at Monterey. Prominent Mexican cabinet possibilities in the Constitutional ranks met General Carranza, and many other leaders are here. Among those received by the general today was Manuel Wallis, representative of King Alfonso, who will confer regarding claims of Spanish residents in Mexico.

Word was received of the entire evacuation of Queretaro by the Carranzas. No details of the evacuation following the Constitutional victory at Guajuato have been received here.

RALLY AGAINST ANNEXATION

MANY ARE SIGNING PETITIONS

Citizens of Oakland and Alameda county, it is your duty to prevent annexation by San Francisco.

The voters of Oakland and Alameda county are coming to the front in the fight against annexation by San Francisco. Thousands of signatures have already been procured to the petitions now being circulated in order to secure the placing upon the official ballot at the November election of the initiative measure which will prevent San Francisco carrying out its designs upon portions of Alameda county; but thousands of signatures more are still required.

Other cities are doing splendid work against San Francisco's annexation amendment and thousands of signatures have been procured in San Diego, Sacramento, Stockton, San Jose and Fresno. It is up to the qualified voters of Oakland and Alameda county, who are more vitally interested in the measure than anyone else, to show the State at large that they are in deep earnest in their endeavor to prevent San Francisco from eradicating their identity.

These petitions are being circulated by responsible men and women and should be signed by every man and woman whose name is on the great register of Alameda county. Petitions will also be found on the counters of all the offices of THE OAKLAND TRIBUNE and in many business houses.

TROOPS MAY BE ASKED TO HELP

Men Fight to Exhaustion to Save Their Homes

Women Form Relief Corps, Supplying Food to Workers

SISSON, July 30.—With a great forest fire steadily drawing nearer to the northern limits of this town, business completely suspended and practically every able-bodied resident aiding in the battle to save the homes and industries, Sisson tonight seems on the verge of destruction.

The fact that the town is not a smoking mass of ruins is due solely to the heroic work of 500 fire fighters headed by Forest Supervisor Hammett shortly after noon, when a sudden veering of the wind to the north fanned the flames over all fences, back-fires and other barriers effected by their labors during the three days' siege.

By nightfall new trenches had been dug and the advance of the fire checked. The wind swerved back to the south, and although there is still the gravest danger, destruction has been postponed if not averted.

MAY CALL TROOPS. Fire guards from all northern points of California on the way to relieve and assist the nearly exhausted fighters who have scarcely slept since the first alarm was sounded three days ago, and United States Troops will be called by Supervisor Hammett if matters grow any worse.

The women of Sisson are responding nobly to the call and constantly are rushing food and drink to the fire lines.

The box factories on the northern outskirts of the town seem directly in the path of the flames, and it is there that the main body of fighters is centered.

A brisk south wind would relieve the situation, but it is thought that another veering to the north inevitably would cause the total destruction of the town. Already 5000 acres of adjacent timber land have been burned over.

MONTANA FIRES. MISSOULA, Mont., July 30.—Two thousand acres of valuable timber already has been destroyed by the forest fire which has raged on the Flathead National Forest since last Sunday, according to the word received by District Forester Sileo here.

One hundred men are fighting the flames but have been unable to make much progress. Two other fires in the same forest, each having burned but fifty acres of timber, were stamped out last night and the crews engaged there were shifted to the main fire today at the head of the Devil and Twenty-five Mile creeks.

The other fires throughout Western Montana all were under control most of them entirely extinguished last night. Hot winds throughout the district continue to increase the fire hazard but no new blazes have been reported.

Milkman Learns, But His Ribs Are Broken

Never try to milk a cow when the bull is in the field.

This is Lunt Dugg's advice—and he backs it up with the exhibition of two broken ribs. Chung, who is employed on the Adams estate, was milking a cow this morning when the master of the head happened along and threw him over the fence. The Chinese was landed in the Fresno hospital, where Dr. W. K. Wakefield reduced the fractures.

CHIP-PETROSKY GO WILL BE GREAT SLUGGING CONTEST

Both Men Are Shy on Defense and One Blow May Stop Tomorrow's Bout.

(BY THE TIMEKEEPER.) With two of the toughest middleweights in the game pitted for a twenty-round bout tomorrow night at the Pavilion Rink, the two men are promised one of the fiercest slugfests ever staged. That both men have a chance is sure; Chip is wide open in his defense and...

Charley White continued his boxing yesterday and put a few extra stunts for a large crowd of visitors, among which were Kid McCoy, Billy Jordan, the veteran announcer, Promoter Jimmy Coffey and a number of sporting writers. The Chicagoan made a good impression, boxing three rounds with his regular sparring partner, Jack Sage, and three rounds with Kid McCoy. McCoy showed his old-time speed against the youngster and easily avoided damage. White undoubtedly profited by the lesson McCoy gave him, for he learned several handy little tricks from the once light-heavyweight champion.

Joe Azevedo is going through the same serious workout that he always gets at Boban's gymnasium. The old hope is one of the most "real" and conscientious fighters in training that was ever in the game. Joe just goes after the sparring partners every day as if he enjoyed it, eats as if he enjoyed it, and in fact everything seems to be pleasure with Jimmy Rohan's lightweight. It is already stated that he will be a contender for the title between him and Kid Parker in the near future.

Johnny Kilbane has agreed to meet Matt Brock over the 10 round route according to the terms of the contract. Johnny is to receive \$4000 for his end. So tough for Johnny.

If the Gunner can't lick their heavy-weight champ, he is at least going to show Europeans that he can conquer the toughest of the toughest. WRATHFUL FATHER CAUSES DIVORCE

Refuses to Support Son and Pays for Daughter-in-Law's Separation.

Moses A. Cohn, an Oakland merchant, was instrumental in bringing about the separation of his son, Leo M. Cohn, and the boy's wife, Elsie. The couple were married in Stockton in January, where they have been residing, till through the diplomacy of a wrathful father-in-law they became separated.

Cohn, senior, refused to support his son, who is 18, and announced to his daughter-in-law that if she would bring divorce proceedings he would pay all expenses contingent to the suit.

This she agreed to and a complaint was filed.

It was expensive for Dad, young Cohn said, "and it was great to be rid of it." Peace now reigns supreme in the family.

WOMAN BECOMES AN AUTHORITY ON RABBITS

FRUITVALE, July 30.—If you can't get rich quick, Mrs. Lizzie Nevins of Fruitvale can at least teach you how to start. Four years ago she owned three rabbits, today at her home, 2227 Brookdale avenue, she has hutchens containing over 100 thoroughbred Flemish giants.

"Breeding blooded stock is much more profitable than any other raising stock for the market," says Mrs. Nevins. "My greatest ambition was to produce a better rabbit than any other breeder. In this I have succeeded."

Mrs. Nevins is a recognized authority on the Pacific Coast as a rabbit raiser, and her rabbits have taken a number of prizes at the Oakland poultry and rabbit shows.

ANTI-TRUST SUIT.

PHILADELPHIA, July 30.—Another suit against the alleged dye trusts was filed in the United States district court here today by Raubo & Regar Inc., Norristown, woolen manufacturers, against the Casella Color Company, a New York corporation, and acting as agent for Leopold Casella & Co. of Germany. The suit is to recover \$35,000 damages alleged to have been incurred through the excessive prices charged by the defendant companies for dye stuffs used by the plaintiff.

POLICE MAKE RAID.

Ah Sing, alleged Chinese lottery seller, and Ferdinand Shannon, charged with visiting a lottery house, were arrested this morning in a raid on the premises at 1824 Seventh street, by Patrolmen Holman, Brown, and released on bail. Charles Thorne, a musician, was arrested this morning by Patrolman Conroy, and is charged with attempting to evade payment of railroad fare. He will be examined in the police court.

OAKLAND BOYS & GIRLS

To Be Teacher

Studies Music

MARGARET GELDER.

—McCullagh Photo.

To become a teacher is the ambition of Margaret Gelder, a pupil in the Washington school of Berkeley. Unlike her schoolmates, she dislikes to play, but prefers to read and study. She casts aside her dolls for her studies.

Margaret was one of the brightest girls in her class last year. She is nine years of age and was born in Berkeley.

Within the near future Margaret will commence her musical studies. She is a graceful dancer and has often appeared in fancy dances at entertainments.

DEBATERS PREPARE FOR SERIES OF MEETINGS

The course in public speaking, which was instituted several seasons ago in the local high schools will be continued this term. Debaters will also be encouraged in the grammar schools.

Members of the debate debating society of the Oakland high school debated with the representatives of the assembly team prior to the close of the spring semester, when they argued upon the question, "Resolved, That San Francisco should be allowed to carry out its plan of building a bridge from the Hetch Hetchy."

At a May meeting of the Congress debating society, the boys decided to assess each absent member two and a half cents per meeting, regardless of his excuses, and that edict will be upheld this term.

The Eclectic, the girls' debating society of the Oakland high school, enjoyed a number of debates with the senior class of the Berkeley high school last year. The officers of the Eclectic were Grace Sternberg, president; Rosalind Swann, vice-president; Valborg Hansen, secretary; Marguerite Ellis, treasurer; Helen MacGregor, council representative.

The assembly officers elected last April will probably serve until the new officials are chosen. The following presided over the assembly last year: Stanley McClintock, president; Kern Love, vice-president; Palmer Wood, secretary; Burrill Wood, treasurer; B. Butler, sergeant-at-arms; John Chestnut, third member of the executive committee.

GIRLS HIKE IN HILLS AS END OF VACATION

The summer playground activities were brought to a close yesterday afternoon when many of the girls of the different clubs of the recreation centers enjoyed a "hike" to the hills.

The Girls and the Bonita clubs of De Fremery park playground tramped to Redwood canyon, yesterday, under the chaperonage of Jennie Chambers, director in charge of the girls' work of De Fremery playground.

The Blue Birds of Bushrod park playground gave a doll party yesterday afternoon, where about fifteen girls took part in the festivities.

During the summer season, the social activities were in full swing. The camp fire girls conducted their ceremonial meetings, and their initiatory exercises. Many girls were admitted into the councils of the playground since last June, when the local schools closed.
